Index to Volumes XVI and XVII

1906

The Journal of Electricity, Power and Gas

Published by the Technical Publishing Company

San Francisco, California

Index to Volume XVI

Illustrated articles are designated by an asterix (*), editorials by a dagger (†), and industrials by a double dagger (††).

Page

A

Annual Meeting and Dinner of the Electrical Trades Ass'n. of the Pacific Coast..... 92
*A Novel Water Hoist..... 47
American Woolen Company..... 54
*Aerial Tramway, A New Design of, by Geo. K. Davol..... 55
*Alternating Current Laboratory Testing, by Geo. H. Rowe..... 63
††American Electrical Novelty & Manufacturing Co.....102
Automobile Power Plant, An.....130
††Allis Roller Mills.....160
Asbestos Men Meet.....162
Another International Exposition.....190
††Allis-Chalmers Steam Turbines..... 205-360-383
Auto Fire Engines.....230
A New Installation.....246
An Economical Plant.....248
Arc Lamp Post Competition.....260
A Method of Conveying Steam Underground 284
About Babbitt Metal 288
††Allen, S. F. & Company.....114
††Automatic Refrigerating Company Moves 200

B

Book Review 43, 95, 156, 199, 226, 259, 311, 357, 383
Big Induction Motors for the Anaconda Copper Mining Co.....210
††Benjamin Arc-Burst 211
††Big Pumping Engines for Sugar Refinery 212
†Brief Interviews with Leading Manufacturers and Dealers on Present Situation and Prospects, Page 4 (No. 5) (Editorial) 244-264-288-314
Building Entirely Without Wood, A..265
Blast Furnace Gas Engine Development in Pittsburg District.....285
Buildings of the New San Francisco, The 356

C

††Cascade Gas & Electric Fixture Co.. 54
††California Electrical Works.....107
Climate and Manufacture.....163
Curtis Turbine for the University of Wisconsin 210
Common Defects in Inside Wiring.....226
Carnegie Technical School.....230
Cable Surveys 248
Corner Stone Laid for United Engineering Building 265
††Century Klein Electric Company, The 284-334
Canadian Movement to Restrict Use of Niagara River Water 288
Chimney Flue Skyscraper, A.....311
Concrete Floor Test 333
Chicago Electrical Show.....156
*Centrifugal Pump and Its Application, by Harry Y. Haden.....127
Coming of the Turbine, The.....130
Courage and Persistence.....282

D

††Doerr-Mitchell & Co..... 53
††Doble, The Abner Co.....161-360
††Drendell Switchboard Company's New Factory 163
Department of Commerce and Labor, Bureau of Labor, Washington.....164
Distribution of Power at Niagara Falls 226
††Decker Electric Co.....360

E

*Evolution and Development of the Steam Locomotive as Evidenced by the Exhibits in the Transportation Building at the St. Louis World's Fair, by Wm. A. Doble.....19- 77
††Electrical Show at the Coliseum, The 41
††Electric Storage Battery Co., The.. 54

Page

†Education at Our Door..... 94
*Electricity as Applied to Commercial Advertising, by Bury Irwin Dasent. 99
Electrification of the Pennsylvania Railroad 101
Economy and Efficiency of the Steam Turbine 106
Electrically Equipped Vessel, An.....126
Electrification of the Erie Railroad....147
††Electric Goods Manufacturing Co., The 164
Electric Power for Oil Wells.....182
Edinburgh's Water Supply.....187
Electrically Welded Rail Joints.....187
Electric Skate, An.....197
Electrical Equipment of the Largest Store in the World.....207
Electric Pumping from a 2000-foot station 208
Electricity in the Cement Industry....208
Electricity in China..... 210
Electrics in the Washington State University 212
Effect of the Earthquake and Fire on the Power Lighting Situation, by A. M Hunt. May 5th..... 2
Electric Light and Power Plant of the Mutual Electric Light Co., New, by J. H. Hopp.....221
Electrical Exhibits at Cincinnati Fall Festival 229
††Extensions to the West Allis Works..246
Eastern Enterprise 247
Electrical Properties Co., The.....261
Electrical Salesmen's Association, The 279
Electric Horn for Motor Cars.....281
Electricity on the Stage.....283
Electric Power Doors for Ship Bulkheads. 287
Electric Watering Cars.....288
Engine Ring Work in the Philippines..331
Electrical and Mechanical Equipment of the New Engineers' Club Building 332
Electrified Barber Shops.....336
Electrical and Machinery Equipment of the New Hamburg-American Line 336
†Electric Power and Transportation...380
Erie Railroad Decides to Operate Electric Trains 386

F

Fourth Jovian Congress, The..... 38
Future of Direct Current Traction.... 93
††Flattering Report, A.....190
Fireproof Steel and Concrete Buildings, by Lewis A. Hicks.....221
††Federal Electric Sign Company of California 261

G

Gas Engine Industry in Great Britain. 93
*Gas Producer Power Plant, The, by C. B. Lamont, M. E.....115
General Public vs. the Public Service Corporations 148
††Gould Storage Battery Co.....164
German Submarine Cables.....187
Greeting, May 5th Issue..... 1
Greater San Francisco, by Bishop Nichols, May 5th..... 3
Gasoline Apparatus for Soldering Rail Bonds 246
Glass Floors for Switchboard Structures 289
††General Electric Offices in San Francisco, New 329-360

H

††Hunt, Mirk & Co.....51-334
Hydraulic Turbines 110
*††Heald's School of Mines and Engineering 111
††Hemingray Glass Co.....114
Home and Foreign News..... 151-191-228-248-266-290-335-361
Hydro-Electric Installation 158
Home Telephone Co., Oakland, Cal...159
††Holabird, Reynolds & Sayles Co.....163

Page

*History and Development of the Steam Turbine, The, by Harry Y. Haden 171
†Huntington and the State.....188
High Speed in Modern Engineering....204
Hydro-Electric Plants of United States, Canada and Mexico.....242
Horizontal Engine 261
House Moving by Electricity.....279
Hotel for Telephone Girls.....283
††Hendy, The Joshua Machine Works..107
†Highest Efficiency 330

I

*Industrial Engineering 49
*††Intercommunicating Telephone System 50
Isolated Plant Engineering, by Putnam A. Bates 176
*Interborough Transit Co. Test of Subway Engines 202
*††Investigation of the Doble Needle Regulating Nozzle, An.....209
Installation of New Multiple Switchboards by the Telephone Company to Improve the Public Service (No. 4 issue) xix
Intelligent Use of Electricity.....230
Illuminating Engineering from the Architect's Standpoint, by Waldo S. Kellogg 279
International Engineering Convention, The 229
Insurance Option, An.....282

J

*Jhelum River Power Plant, The..... 11
Journal of Electricity, Power and Gas for 1906, The 110
†Judge Morrow's Decision 189
††Jackson Machine Works, Byron.....212
††Johns-Manville Co., H. W.....334

K

††Kilbourne & Clark Co..... 52
††Klein, Jno. M. Co.....106
††Keeler, A. S. Co.....114-360
Kings River Power.....335

L

Lighting the City of Alpena..... 54
*Lightning and Electricity of the Air, by Alex. G. McAdie.....131
*Largest Hydraulic Ram Ever Made, The 161
*††Lietz, The A. Co.....163
Large Rope Factory in Seattle.....204
††Luitwieler Pumping Engine, The.....206
†Lessons from the Fire.....243
Low Freight Rates for Cement.....259
Lessons of the Recent Disaster,, by Jean Bart Balcomb 7

M

Marine Steam Turbines 109
Modernizing the Comstock Lode, by Leon M. Hall 174
*Mt. Rainier, Mt. Shasta and Mt. Whitney as Sites for Meteorological Observatories, by Alexander G. McAdie 183
††Model Club for Employes.....190
Meter Education in Boston 197
Million Dollar Power Plant.....212
†Muck Rake in San Francisco, The....260
Muncie, Ind., Decides that Municipal Ownership is a Failure.....329
††Meese, Gottfried & Co.....334
Multiple Unit Control for Street Railway 335
Maximum Voltage for Underground Cables 335
Model Industrial Town, A.....335
*Modern Power Plant of an Electric Railway in Portugal, by Frank C. Perkins 351
††Mechanical Appliance Co.....360
††Moore, Chas. C. & Co.'s Los Angeles Contract 247
Misuse of Electrical Engineers' Title..281

Page

N

††Northwest Electric Engineering Co., The 54
††No Dull Times in Westinghouse Valley 110
Niagara Falls Concrete Dam, The....126
Notice for Bids, Municipal Bonds $75,000.00 160
*New Departure in Trolly Wheels, A..161
News Notes .....
..... 164-235-250-271-293-316-337-361-387
New Water Lifting Device.....211
New Location Directory, No. 5..... 3
New San Francisco, by D. H. Burnham 3
Novel Suggestion from Berkeley.....230
National Electric Light Convention...247
New Cars for Stockton 276
†New Steam Turbine, A.....282
New Form of Reinforcement, A.....289
*Naval Wireless Telegraphy on the Pacific Coast, by H. C. Gearing, Commander U. S. Navy.....303
New Street Light 353
†New Simplon Three-Phase Locomotives, The 375
*††New Blood in the California Electric Works 379
National Electric Light Convention Exhibits, The 382
New Method of Utilizing Residuals of Gas Making, A.....384
New York Telephone Competition....386
Nine Thousand Seven Hundred Horse-power Turbine 212
†New Epoch, The 313

O

†Otis Elevator Trust, The.....189
Oscillograph, The 195
Obituary—Samuel H. Hendy.....198
Obituary—Wm. Henry Edgar 41
Oil Circuit Breaker 211
†Outlook, The 227
Official Inauguration of the Simplon Tunnel 336

P

*Plant of the Vancouver Power Co., Ltd., The, by Wynn Meredith.....1- 69
Personal .....
... 41-94-154-198-227-258-281-356-377-380
††Pacific Engineering Co., The..... 46
††Pierson-Roeding & Co., Inc., Formerly Jno. Martin & Co..... 98
Pumping Plant for the Islands.....105
††Pelton Turbine Water Wheels.....105
Power Plant in Theatre.....109
Private Wire 109
Publisher's Notes 114
Power Plant Operation and Management, by H. Schreiber 121
*Predetermination of Sags in Wire Spans, by R. J. C. Wood.....125
†Protection from Lightning.....148
*††Pelton Specialties 160

Page.

Power Line Will Be 1,000 Miles Long..200
Proved a Success.....202
††Pelton Efficiency Test, A.....208
Producer Gas Power Plant.....231
*Pressure Supply Pipes for Hydraulic Installations, by Geo. J. Henry...239-256
†Probabilities 243
†Plans for the Chicago Telephone Convention 282
Protected Third Rail 300
Proceedings of the National Electric Light Association 331
Preliminary Report of the State Earthquake Investigation Commission....357
Plan to Fight Bell Monopoly.....383
